

Share & Learn Event

Self-Monitoring and Self-Management of Coagulation Status using point-of-care coagulometers

For clinicians in primary and secondary care, commissioners and providers interested in sharing and learning, to improve self-monitoring and self-management.

Tuesday 23rd October 2018

9.30am to 2.30pm

Health Innovation Manchester

**AJ Bell Stadium 1 Stadium Way
Barton-Upon-Irwell M30 7EY (sat nav M30 7LJ)**
For directions to venue, click [here](#)

An event which brings together regional and national key stakeholders, patients and others to share experience and good practice in the introduction of self-testing and self-management as part of anti-coagulation management.

- To bring together learning from self-testing and self-managing stakeholders to share what's working and current challenges
- To discuss what might be required to spread these innovations for patient benefit.
