This takes you to the network **home page**

Welcome to the Greater Manchester Stroke Operational Delivery Network

**Who we are**

The network was established in July 2015 and is a partnership of NHS providers of stroke care in the Greater Manchester region, including Eastern Cheshire. We work closely with other organisations including Ambulance Trusts, commissioners and our local Strategic Clinical Network.

The network comprises of a small team of a Manager, Co-ordinator, Administrator and two Clinical Leads. We are governed by a Board who oversee our strategy and ensure we deliver our vision. The team facilitates improvements in stroke services by working collaboratively with our stakeholders, with much of our work conducted via a range of groups that support the network.

[Read more about the network from our Manager.](#)

**Our vision**

To support the development of high quality and equitable stroke services in Greater Manchester, to achieve the best outcomes and experience for patients. We will do this by:

- Working collaboratively with our stakeholders
- Facilitating transformational change through effective partnership working
- Being patient centred
- Encouraging the early adoption of evidence in stroke services

We actively engage with stroke survivors and carers to ensure their voices are heard, working closely with relevant voluntary sector organisations in our area.
Hover over the “Our Work” button and select “Voluntary Services Directory” from the drop down menu.
This is the Directory’s homepage where you can select services you are interested in.
Tick options from each **section** – you can choose more than one
Then click “Search”
The **results** based on the **selections** made are shown at the **bottom** of the page.

**Bury Community Stroke Team**
Referral by Health/ Hospital professional teams only. Stroke rehab teams only. Stroke rehab at home after Stroke including physio CT nursing and SALT

**Greater Manchester Neuro Alliance**
